The Plumbing Heating Cooling Contractors of Virginia is the Commonwealth’s PHCC affiliate providing networking via chapters in Northern Virginia and Hampton Roads. Established in 1924, PHCC Va has a rich history of providing leadership and guidance in the industry. We endorse the value of continuing education and offer classes in plumbing, HVAC and gas plus backflow certification and other important skills.

We Are Stronger with You
Consider becoming a member of PHCC Va and help yourself and your industry. PHCC members cover the entire range of plumbing and mechanical contractors in Virginia—from small companies to large contractors with a wide range of services covering both residential and commercial projects. Together we can continue to build and protect the reputation of our industry and assure the safety of our citizens.

Get Focused Market Insight!
For an additional membership fee, our Enhanced Service Groups offer valuable insights through focused meetings and conferences, newsletters, resources, networking and more.

Service Groups:
- Construction Contractors’ Alliance — a focus on residential, industrial, commercial and institutional new construction, with specialized content for financial, project management, HR, and field supervisor purchasing functions.
- Quality Service Contractors — an emphasis on affordable, comprehensive training, including custom business management coaching and specialized online products and services.
- Union-Affiliated Contractors — a select group of contractors, executives and representatives of the United Association (UA) focused on the special concerns of union-employing contractors.
